General Info for the FY 2022 CoC NOFO

Parts of the CoC Consolidated Application Submission

CoC Application

- Completed by the Collaborative Applicant. Questions relate to how the CoC planning body, governance structure, overall performance, and the strategic planning process. This part of the application is scored and will determine the order in which CoCs are funded.

Project Applications

- Completed by renewal project recipients and new project applicants. These are the applications that describe what each project is requesting funding to do.

Priority Listing

- Completed by the Collaborative Applicant. This list includes all project applications, including the Planning Project. This is also how the CoC tells HUD if it is planning to reallocate funds (take funds from an existing grant and put toward new projects). The CoC must rank all projects except the Planning project and YHDP projects, if applicable.

Key Changes

- **Due September 30, 2022, at 8pm**
- Increased points for CoC System Performance
- Increased points for leveraging housing/healthcare partners to create new housing
 - Leveraging housing/healthcare is no longer a bonus. It is part of base points.
- Changed how DV Bonus projects are scored
- New questions added, or questions expanded related to:
 - Addressing needs of DV survivors
 - Public housing coordination
 - Utilizing non-congregate sheltering
 - Partnerships with public health agencies
 - Coordinated entry
 - Addressing needs of LGBTQ+ individuals
 - Promoting racial equity
 - Involving individuals with lived experience

FY 2022 CoC NOFO Policy Priorities

HUD CoC NOFO Policy Priorities

- 1) Ending homelessness for all persons
- 2) Using a Housing First Approach
- 3) Reducing Unsheltered Homelessness
- 4) Improving System Performance
- 5) Partnering with Housing, Health and Service Agencies
- 6) Racial Equity (*expanded*)
- 7) Improving Assistance to LGBTQ+ Individuals (*new*)
- 8) Persons with Lived Experience (*expanded*)
- 9) Increasing Affordable Housing Supply (*new*)

1) Ending Homelessness for all Persons:

- **Identify, engage and effectively serve** all persons experiencing homelessness;
- **Measure performance** based on local data that consider the **challenges faced by all subpopulations** experiencing homelessness in the geographic area;
- **Partner with housing, healthcare, and supportive services providers** to expand housing options;
- Use local **data to determine the characteristics** of individuals and families with the **highest needs and longest experiences of homelessness** to develop **housing and supportive services tailored** to their needs.

2) Using a Housing First Approach

- Housing First prioritizes **rapid placement** and stabilization in permanent housing and does not have **service participation requirements or preconditions**.
- CoC Program funded projects **should help individuals and families move quickly** into permanent housing, and the CoC should measure and help projects reduce the length of time people experience homelessness.
- CoCs should **engage landlords and property owners to identify an inventory** of housing available for rapid rehousing and permanent supportive housing participants, **remove barriers** to entry, and adopt **client-centered service methods**.
- HUD encourages CoCs to **assess how well** Housing First approaches are being implemented in their communities.

3) Reduce Unsheltered Homelessness

- In recent years, the number of people experiencing unsheltered homelessness has risen significantly.
- **CoCs should explore all available resources**, including CoC and ESG funded assistance, housing subsidized, and supportive services to provide permanent housing options for people who are unsheltered.

4) Improving System Performance

- Use system performance measures (e.g., average length of homeless episodes, rates of return to homelessness, rates of exit to permanent housing destinations) to **determine how effectively they are serving people experiencing homelessness.**
- Use Coordinated Entry process to **promote participant choice**, coordinate homeless assistance and **mainstream housing**, and services to ensure people experiencing homelessness **receive assistance quickly**, and make homelessness assistance **open, inclusive, and transparent.**
- Review all projects eligible for renewal to determine their **effectiveness** in serving people experiencing homelessness, including **cost-effectiveness.**
- Look for opportunities to implement **continuous quality improvement** and other process improvement strategies.
- NOTE: HUD recognized the effects of COVID-19 on CoC performance and data quality and reduced the points available for rating factors related to system performance in the FY 2021 CoC NOFO. This FY 2022 CoC NOFO significantly increases the points available for system performance rating factors.

5) Partnering with Housing, Health & Service Agencies

- Using cost performance and outcome data, CoCs should improve how all available resources are utilized to end homelessness. To maximize mainstream and other resources, HUD encourages CoCs to:
 - a) Work closely with healthcare organizations**
 - b) Partner closely with PHAs and other housing organizations**
 - c) Partner with local workforce development centers
 - d) Work with tribal organizations to ensure that tribal members can access CoC-funded assistance (where applicable)

6) Racial Equity

- In nearly every community, Black, Indigenous, and other **people of color are substantially overrepresented** in the homeless population.
- Responses to preventing and ending homelessness should **address racial inequities to ensure successful outcomes** for all persons experiencing homelessness using proven approaches, such as:
 - **developing a coordinated community response** created in partnership with a racially diverse set of stakeholders and people experiencing homelessness
 - **partnering** with organizations with experience serving underserved populations.
- CoCs should review local policies, procedures, and processes with attention to **identifying barriers that result in racial disparities, and taking steps to eliminate barriers** to improve racial equity and to address disparities

7) Improving Assistance to LGBTQ+ Individuals (new)

- CoCs should **address the needs of LGBTQ+, transgender, gender non-conforming, and non-binary individuals and families** in their planning processes.
- CoCs should **ensure privacy, respect, safety, and access** regardless of gender identity or sexual orientation in projects.
- CoCs should also consider **partnering with organizations** with expertise in serving LGBTQ+ populations.

8) Persons with Lived Experience

- CoCs should **include in the local planning process people who are currently experiencing or have formerly experienced homelessness.**
- People with lived experience should determine how local policies may need to be revised and updated to improve the effectiveness of homelessness assistance programs, including participating in **planning and oversight** activities and **developing local competition processes.**
- CoC leaders and stakeholders should also prioritize **hiring people who have experienced homelessness** in areas where their expertise is needed (e.g., peer outreach and support).

9) Increasing Affordable Housing Supply (new)

- CoCs play a critical role in **educating local leaders and stakeholders about the importance of increasing the supply of affordable housing** and the specific consequences of the continued lack of affordable housing.
- CoCs should engage local leaders about steps such as **zoning and land use reform** that would increase the supply of affordable housing.

PSH: Chronic Dedicated

Beds Dedicated to Chronically Homeless Individuals and Families: A permanent supportive housing bed that is dedicated specifically for use by chronically homeless individuals and families within a CoC's geographic area, as reported in the CoC's HIC and the FY 2022 permanent housing project applications. When a program participant exits the project, the bed must be filled by another chronically homeless participant unless there are no chronically homeless persons located within the CoC's geographic area.

- **Reminder:** While the disability of a child may qualify the household for PSH, a household does not meet the chronic definition if the child is the household member with the qualifying disability.

- Program participants are assisted to obtain and remain in permanent housing in a manner that fits their needs (e.g., provides the participant with some type of transportation to access needed services, safety planning, case management, additional assistance to ensure retention of permanent housing).

Joint Transitional Housing/ Rapid Re-Housing Component (TH/RRH)

- The Joint TH and PH-RRH component project (also known as TH-RRH) combines two existing program components—transitional housing and permanent housing-rapid rehousing—in a single project to serve individuals and families experiencing homelessness.

- Communities that lack safe crisis housing for people fleeing domestic violence to access while searching for a safe permanent place to reside.
- Youth have high rates of unsheltered homelessness – it provides a tool to develop projects tailored to the unique developmental needs of youth and help them move quickly to permanent housing with available supportive services to help them maintain that housing.

Joint TH/RRH

Eligibility follows PH-RRH guidelines.

HUD project quality threshold for Joint TH and PH-RRH: 1 point for each of the following – project must receive 4 out of 6 to pass threshold.

- The type of housing proposed, including the number and configuration of units, will fit the needs of the program participants (e.g., 2 or more bedrooms for families)

This may be demonstrated by identifying a budget that has 2x resources for the RRH portion of the project than the TH portion, by having 2x as many PH-RRH units at a point in time as TH units, or by demonstrating that the budget and units are appropriate for the population being served by the project.**
- Supportive services offered will ensure successful retention or help to obtain permanent housing
- Plan for ensuring access to /connection with mainstream benefits
- Program participants are assisted to obtain and remain in permanent housing in a manner that fits their needs

MACCH New Project Funding Opportunity Info

- Solicitation for New projects to be posted and circulated on Friday, 8/12/22
- Open to existing CoC-funded agencies and to those that do not receive or have never received CoC funding before
- Applications must be submitted to the CoC by 8/26/22. Apologies for the tight timeframe! Because the CoC NOFO period has been reduced to 60 days, the CoC must implement a quick turn around in order to meet HUD requirements and provide for an appeals process.
- Those selected to submit a new project application to HUD will be notified and an additional training session on completing the e-snaps new project application will be provided. See timeline for details.

MACCH New Project Funding Opportunity Info

- Considerations in applying for CoC new project funding:
 - Be sure you have staff available and with capacity to complete the e-snaps application if selected. Review HUD's CoC New Project Application Detailed Instructions and Navigational Guide (when available) if you want to get a better sense of what the new project application entails.
 - Carefully review HUD's requirements for CoC grantees. Your agency must have capacity to administer this funding.
 - Carefully review the CoC's requirements and be sure you are willing to commit to those requirements (i.e., participation in Coordinated Entry, participation in HMIS, etc.). Contact MACCH staff if you are unclear as to what those requirements entail.
 - Recipients can name subrecipients to help undertake project activities. Be aware that recipients are responsible for monitoring subrecipient performance.

Consolidation, Transition & Expansion

Transition Grants

- A grant to fund a **new project to transition an eligible renewal project** being eliminated through **reallocation** from one program component to another **over a 1-year period**
- A Transition Grant cannot also be an Expansion.
- Reallocate the existing eligible renewal component to one of the **eligible new project components**: PSH, RRH, Joint TH/RRH, dedicated HMIS, or SSO-CE
- Must be the **same recipient** for the eligible renewal grant(s) being eliminated

Expansion Projects

- HUD will allow project applicants to apply for a new expansion project under DV Bonus, reallocation, and CoC bonus processes.
- A renewal project applicant may submit a new project application to expand current operations **by adding units, beds, persons served, services** provided to existing program participants, or in the case of HMIS, increase the current HMIS grant activities within the CoC's geographic area.
- Under this type of request, for the new expansion project to be selected for conditional award the renewal project application must also be selected for conditional award.
- HUD will not fund capital costs (i.e., new constructions, rehabilitation, or acquisition) and HUD will only allow a 1-year funding request.

Consolidation

- Eligible renewal project applicants will have the ability to **consolidate two or more** eligible renewal projects - **but no more than ten projects** - into one project application during the application process
- Applicants can pursue multiple consolidations

 - The Submit Without Changes screen will be at the end of the application.
 - If you want to make any changes in your application, you will need to navigate to the Submit Without Changes screen. Once there, you will be able to indicate whether you want to make changes by answering question 2.
 - If you indicate that you want to make changes in question 2, you will be able to select the screens that you would like to edit.
 - You must also provide a description of the change you have made on this screen. Do not forget to do this.

Renewal Projects: Match

A reminder about Match:

- In the past, on the **7A Attachment** screen, project applications that include third-party **in-kind** match commitment on the “Sources of Match” screen have a **requirement for a Memorandum of Understanding (MOU) or Memorandum of Agreement (MOA) to be attached.**
- Match letters – not referenced in the instructions but based on previous years we suggest that you ensure they are updated in your files and that the dates and amounts on the Match letters are updated. This will be needed for contracting.

Renewal Projects: Guides

- **USE THE GUIDES AND DETAILED INSTRUCTIONS.** These documents will provide you with the information you need.
- HUD has yet to post the updated instructions.
- You should be able to access them here when they are posted:
<https://www.hudexchange.info/programs/e-snaps/#Project>
 - **Tip:** Just focus on the few pages assigned to your project type!
- First-time renewals will need to set up the application. Use the information from the new project application that was submitted last year.
- Other renewals will be able to import information.

E-snaps Renewal Project Applications: Review Deadlines

By September 9:

You will receive a project review form with required corrections.

By September 16:

Or within 5 working days of receipt of review, whichever is sooner, you must **submit** your corrected application **on e-snaps**.

E-snaps Renewal Project Applications: Special Circumstances

- Please notify DMA in the email that includes your PDF e-snaps application if you are applying for a new expansion project.
 - Do not complete the expansion screens unless you receive notice from the CoC that your new expansion was selected as a new project application.
 - If selected for an expansion, you will need to resubmit the renewal application with the expansion screen filled in. DMA will review those screens and provide any needed corrections.
- If you have approval from the CoC to consolidate two or more projects, you can complete the consolidation screens. Please let DMA know that you are consolidating when you submit the e-snaps PDFs.
- If you are using the transition option, you do not submit a renewal application.

Renewal Project Scorecard Information

- Scorecard will be sent directly from MACCH to renewal grantees (not from the gmail)
- Major Changes to Scorecard:
 - **Agencies to input data** (where possible, criteria to be scored by MACCH will be noted). Scorecard has been revised to better accommodate provider data entry. MACCH staff will check scorecards.
 - **Severity of Need (still required by HUD) – major revisions:** Bonus Points (point value not included in base when calculating scores). Points awarded proportional to percent of participants (just adults for most) meeting the severity of need conditions. 1 point awarded proportionally for each of the following: 1+ Health Conditions, Fleeing DV, \$0 Income at Project Start, Entering from Unsheltered Location, Unaccompanied/Parenting Youth or Age 55+
 - **Length of Time from Project Start to Move In:** scored for all projects
 - **DV Safety Planning:** removed b/c no longer required by HUD
 - **Revised Racial Equity criteria to reflect FY22 CoC NOFO language:** agencies asked to report on work done to identify and address barriers faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population
